

FOREST SPA

treatment & spa day menu

*“a place that helps bring a
fundamental sense of you
into focus... nurturing and
awakening you to your intrinsic
earthy, sensual nature”*

LEONARD KOREN

Enter a different kind of spa.

A world created out of stone, wood, fire, water and steam.

Planted with scented herbs and fruit trees, and entwined with ancient yew, oak and sycamore.

Our therapists use carefully selected products from Voya created from organic seaweed, and botanical essences from Aromatherapy Associates, to heal, nurture, and relax.

Take time to linger in the spa, to sit by the pool, and let the warm water of the spring water hot tub, or the alternating hot and cold of the sauna, steam and plunge pool work their magic.

Fundamentally though, this is time for you.

Time to relax, to step away from the world, and step back into nature.

*time to relax
get back to nature,
and back to you*
